

Presents:
The Jackson

The Jackson Design offers your family a grand first floor with a spacious family room and kitchen with family dining area. Plenty of windows throughout will fill your home with warm, natural sunlight. Custom features include a unique coffered ceiling in the family room and a specially designed staircase to the second floor.

The second floor level features 4 comfortable bedrooms and 3½ bathrooms. The Owner's suite will feature a tray ceiling, enormous closet space and an inviting bathroom with tile shower and roman soaking tub.

Outdoor features accenting your new home will be architecturally correct Brookhaven dormers, a custom stone blend and a private drive leading to your 3-car garage.

This beautifully designed home is available at \$729,990.00
